

Business Excellence Nomination Form

Businesses are the heart and soul of a successful economy and community. The people who invest, manage and lead these businesses are innovators and risk takers who work tirelessly to create jobs and invest in the community in which they work and call home. Many of them are community minded and dedicate numerous hours to help schools and service clubs and organisations to improve the quality of life. These businesses are vitally important to the Chamber of Commerce membership and they deserve recognition and support.

The judging process provides a great opportunity to review operations and identify strengths and weaknesses for those businesses who submitted nominations. The range of awards categories ensures that a diverse spread of businesses can become involved in the awards.

The Cayman Islands Chamber of Commerce in partnership with Digicel Business will recognise Chamber Business Excellence at the inaugural awards in early 2014. Nomination deadline TBD.
